**AASCU**
Members of the American Association of State Colleges and Universities (AASCU) work to extend higher education to all citizens including those who have been traditionally underrepresented on college campuses. By delivering America’s promise, these institutions fulfill the expectations of a public university by working for the public good through education and engagement. AASCU represents more than 430 public colleges, universities and systems of public higher education throughout the United States and its territories. AASCU schools enroll more than three million students or 55 percent of the enrollment at all public four-year institutions.

**EDUCAUSE**
EDUCAUSE is a nonprofit association whose mission is to advance higher education by promoting the intelligent use of information technology. Membership is open to institutions of higher education, corporations serving the higher education information technology market, and other related associations and organizations. EDUCAUSE programs include: professional development activities, print and electronic publications, strategic policy initiatives, research, awards for leadership and exemplary practices, and a wealth of online information services. The current membership comprises nearly 1,900 colleges, universities, and education organizations, including more than 180 corporations, and more than 13,000 active member representatives.

**University of Central Florida**
The University of Central Florida (UCF) is a public multi-campus, metropolitan research university, dedicated to serving its surrounding communities with their diverse and expanding populations, technological corridors, and international partners. The mission of the university is to offer high-quality undergraduate and graduate education, student development, and continuing education; to conduct research and creative activities; and to provide services that enhance the intellectual, cultural, environmental, and economic development of the metropolitan region, address national and international issues in key areas, establish UCF as a major presence, and contribute to the global community. UCF’s five goals are: (1) offer the best undergraduate education available in Florida; (2) achieve international prominence in key programs of graduate study and research; (3) provide international focus to our curricula and research programs; (4) become more inclusive and diverse, and (5) be America’s leading partnership university.
