Acknowledgments

First and foremost, I thank the chapter authors who contributed their enthusiasm, time, and expertise to the creation of this book. I also acknowledge the outstanding teamwork among the authors and the EDUCAUSE staff: Julia Rudy and Cynthia Golden, especially, and Mark Luker for lending his technical knowledge to the development of some of the chapters. Everyone pulled together and made my job as editor fun. Editors of books expect expert knowledge from their contributing authors and expert skills from editorial staff, but the collaborative spirit and can-do attitudes that pervaded this work made my work as editor a pleasure.
