Content Marketing

Solidify your position as a higher education IT thought leader by placing a content marketing piece in the print *EDUCAUSE Review*.

**PREPRINTED INSERTS**
Bound or tipped into the magazine, customized inserts allow you to provide more in-depth content to your target audience. You supply the insert (or we can print it for you)—we make sure it’s included in all 22,000 print copies, strengthening your brand influence throughout the higher education IT community.

**CASE STUDIES**
Do you have a success story you want to publicize with decision makers in the higher education IT community? A one- or two-page case study provides one of the most compelling, credible thought leadership opportunities to tell how your product or service can address top IT issues on campus.

**OUTSERTS**
Imagine your message being the first thing readers see when they receive *EDUCAUSE Review*. That’s the advantage of an outsert—a four-color, two-sided marketing piece that sits in front of the magazine, inside the polybag.
